

ICB-aligned learning material

ICB has three different study programmes (Financial Accounting, Business Management and Office Administration), and each one is made up of specific subjects. Some subjects are the same across all three programmes, because they cover the essential skills that every student needs, no matter which programme you're registered for.

EDGE Education's ICB-aligned learning materials use the exact same names as the subjects in your programme. So, once you know what you've signed up for and which subjects you're starting with, you'll know exactly what to look for.

Business Management Programme

	ICB Subjects	Corresponding EDGE titles
Foundation Level	Business Management 1 (BMT1)	Business Management 1 (BMN1)
	Bookkeeping to Trial Balance (BKTB)	Bookkeeping to Trial Balance (BKTB)
